MEDICINAL.

"I wrote to Dr. Pierce for advice though I thought surely I would die."

"After my baby came in January, 1900," writes Mrs. Nancy Abner, of St. Paul, Minn., "I suffered severely from all sorts of aches and pains, until the following May, when I read one of your pamphlets, treating on female diseases. I wrote to Dr. Pierce for advice, although I thought surely I would die, as our physician told me I was more liable to die than to get well; your fatherly advice caused my health to be restored. I took five bottles of Dr. Pierce's Favorite Prescription, three of 'Golden Medical Discovery' and three vials of 'Pell's,' together with your other remedies, and I am now able to do all my work."

Weak and sick women are invited to consult Dr. Pierce, by letter, free, and so obtain without charge or fee the advice of a specialist upon diseases peculiar to women. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The invitation to consult Dr. Pierce, by letter, free, is not to be confused with offers of "free medical advice" made by irresponsible persons who are not physicians and are professionally and legally disqualified for the practice of medicine.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of womanly ills. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

LETTER FROM PAGE.

(Correspondence of the Alexandria Gazette.)

Luray, Va., Oct. 20.—The new building for the First National Bank is now about completed, and the new bank is doing business in its new quarters. This is the largest and most imposing of any of our new buildings.

The Sanitarium built over one of the chambers of the caverns is to be enlarged by its owner, Mr. H. C. Northcott.

There has been the usual number of visitors this season to the cave; it seems to hold its interest with the public.

Page has a large crop of apples, and what is a departure for our county, only a few distilleries, the stringent law being in the way, and apples are therefore very cheap.

The condition of our people is good; money can be had on easy terms. There are large deposits in our two banks, and there are fewer and fewer sales of land.

A man and wife from the North came to Ingheim, in Page, about a year ago traveling and preaching the faith cure. Strange to say the people became greatly interested, many became converts, a church was built, and success seemed assured so far as could be seen.

Last summer a young married woman became ill and medical aid was not called in. The preacher came, and with whips and great noise, undertook to drive out the spirit. The woman died under most pathetic and unusual surroundings. This caused a stir but nothing was done.

Since then three persons have gone mad on the subject of faith belief and two of them were confined at the same time in our jail. Others there are acting strangely and it is thought they will follow in the same way. The preacher and his wife left some months ago for other fields in which to teach their strange and damaging creed.

WHITE MEN IN RICE MILLS.—The rice men of Crowley and Acadia Parish, La., believe that they have solved the labor problem. On Sunday fifty white laborers arrived from New Orleans, and on Monday they began work in the various rice mills, helping to handle the rice that is now being brought to the city to be milled and marketed. Another large crowd is expected to arrive today and these will be taken charge of by the farmers who need them in the country. Never in the past has negro labor been so scarce as it is at present, and importing white labor was only resorted to when it became absolutely necessary. The millers and farmers have always been generous with their negro help and the shortage of hands this season has caused some of the oldest employees of the mills to ask unreasonable money for their time. The negroes were very much surprised that the mills were able to secure so many white laborers with apparently no trouble.

FORMER WIFE INHERITS MILLIONS.

In the death of Gordon McKay, the millionaire inventor of the shoe-making machine, is recalled a romance which stirred the society of two continents and impeded the career of a brilliant young diplomat, but finally brings millions to the beautiful woman who figured in the affair.

Mr. McKay died at his villa at Newport, R. I., Monday after a prolonged illness. He was 82 years old. During much of his illness he was attended by Dr. George Wheatland, a negro physician, which fact caused much comment.

It had been expected that Mr. McKay would leave virtually all of his vast fortune to Harvard University, but he dispelled such an impression last July, when he made a will in which he bequeathed one-half of his estate to the beautiful Baroness von Bruning, Mr. McKay's second wife, from whom he was divorced in Washington six years ago. It is understood that Harvard gets \$4,000,000 and Baroness von Bruning the same amount under the will.

NO MORE NIGHTSHIRT PARADES.—The last nightshirt parade at Bowdoin College, Brunswick, Me., has been held, and the freshmen of the future need have no fear that they will be compelled to march with their classmates through the streets of the town, clad in the conventional nightshirt. Last week President Hyde, on behalf of the faculty, requested the students to vote to abolish the parade, the faculty agreeing on its part to grant adjournment to all classes on the afternoon of the annual fraternity initiations. On Tuesday evening a largely attended meeting of the students was held and it was voted to abolish the custom. The vote removed the last public form of hazing at Bowdoin.

GAINED Forty Pounds in Thirty Days

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—HOLLEY BROS., Merchants, Long Branch, Mo. For sale by Richard Gibson.
